Impressive Ceremony Marks Opening Of New School At Wandering River

LAC LA BICHE. — On Friday, Oct. 12, a large crowd gathered to watch an enjoyable program presented by the students of the Wandering River School. Each of the classrooms presented several items which included skits, monologues, short plays and choruses.

After the program, lunch was served and immediately after lunch N. Myskiw, superintendent of the Lac la Biche School Division, as guest speaker, declared the school officially opened by presenting the keys of the school to N. Chodan, principal of the school.

In his speech, Mr. Myskiw outlined the progress made in Wandering River and the endeavor of the board to do their utmost to provide the very best facilities the division could afford.

Mr. Myskiw also urged the people to co-operate with the teachers in their attempt to form a library and Home and School Association.

In his acceptance speech, Mr. Chodan paid tribute to the fine spirit of co-operation shown by the teachers of the staff, the students, and the ratepayers in their support of school functions.

Mr. Chodan also pointed out the lack of adequate reading material, and urged that the people continue their fine support shown thus far by getting behind the Library Association.

A large cake, decorated as a replica of the old school, adorned the table. Mrs. J. Meyer, who baked the cake, declared the old school "officially condemned" by cutting the cake and passing a piece to all present. The large cake, complete with roof and land-

scaping, weighed a total of twelve pounds.

The members of the teaching staff this year are Mrs. Sullivan, Mrs. Sundlic, Mrs. Fedorchuk, Mr. Gordichuk and Mr. Chodan.

There are a total of 141 students.

D. V. Parsons, auctioneer in charge, stated he was quite pleased with the reception accorded the new enterprise.

EDMONTON (BUP) — Edmonton police are continuing a city-wide crack-down on motorists having muddy license plates on their vehicles.

Last week numerous motorists were fined in police court for failing to observe the ruling.

Police say the law states the license plate must be readable at 60 feet, night or day.

Another Meeting To Discuss Crime Comics

EDMONTON (BUP). — Alberta Attorney-General Lucien Maynard has called a second meeting, to be held Nov. 22, to discuss control of crime comics.

The government suggested at the first meeting held last month that a Citizens' Committee be set up to examine allegedly offensive publications. Delegates were asked to have interested organizations give their views on the proposal.

The Attorney-General says the proposal appears to have gained favor with most of the groups to which it has been advanced. Their views are expected to be recorded at the meeting in the Legislative Buildings.

WILL ENQUIRE INTO CAUSE OF
TWO MILLION DOLLAR FIRE

EDMONTON (BUP). — A court
of inquiry has been ordered to in-
vestigate the cause of a fire which
swept through a giant Canadian
Army warehouse north of Edmon-
ton's limits, causing an estimated
\$2,000,000 worth of damage.

An Army spokesman of the 17th
Regional Ordnance Depot says the
blaze may have been started by
sparks spraying from a welder's
torch on to some specially treated
sandbags.

No one was injured in the fire.
The building was used as a supply
depot for Army installations in
Alberta, British Columbia and
north to the Arctic.

The blaze gutted about two-
thirds of the 500-foot building, and
destroyed quantities of clothing, bngs.
tires and other military supplies.

An adjoining warehouse was not
affected by the fire.

Army officials feel that the fire
gained rapid headway because
water service in the warehouse
was turned off after a contractor
working in nearby Griesbach Bar-
racks damaged the main. The
sprinkler system started operatig
about an hour after the fire started.
The building was valued at
\$500,000. But Army officials say
the exact loss will not be known
until records can be checked to find
just what was stored in the ware-
house.

AIRMAN'S WIFE FAILS IN SUICIDE ATTEMPT

RCMP are holding a woman in connection with the slaying of her three children at the RCAF Nanamo station, nine miles north of Edmonton. Police said Mrs. E. H. Stannard, about 40, was placed under guard after she attempted suicide. She was charged with murder Tuesday.

The children slain were: Gene Stannard, 11; Lee Ann, nine; and Kent Douglas, five.

The father, Sgt. Stannard, was in air force hospital suffering from shock. Sgt. Stanhard and his wife are natives of the Edmonton area.

Neighbors and air force sources said Sgt. Stannard discovered the tragedy when he returned home for lunch.

Sgt. Stannard, a Second World War veteran who has been in the air force for about 10 years, found his wife on the kitchen floor with the gas stove jets on.

Neighbors said he took her outside where she revived, and then he found the bodies of his three children on the second floor of their semi-bungalow.

One body was in a bathtub partially filled with water and the other two were on the floor.

Police didn't reveal the causes of death but persons living in the vicinity said one child was beaten to death with a hammer.

A post mortem was conducted

on the three children but results were not expected to be released until Tuesday.

An RCMP spokesman said no motive for the slayings has been established but he "didn't think there had been any trouble" in the family. He said Mrs. Stannard may undergo a psychiatric test.

Mrs. Stannard was brought up in Stettler and her mother now lives in Edmonton. Sgt. Stan-

hard's parents also live in Edmonton.

The multiple slaying was the second in five days in the Edmonton district.

Last Thursday, a man at Mundare, 45 miles east of Edmonton committed suicide after, police said, he shot and killed his wife's parents and a step-daughter.

3 Dead In Tragic Murder-Suicide Slayings

MUNDARE, Alta. (Bup).—Three persons died and one was injured at Mundare, Alta., last week when a theatre operator decided to settle grievances with his family by shooting.

The operator, 47 year old Nicholas Lysakowski, after shooting the four members of his family, then turned the rifle on himself, dying instantly.

Killed in the slaying were his step-daughter, 17-year-old Susan, and his wife's parents, Mr. and Mrs. Joseph Babiy. Both the step-daughter and Mrs. Babiy died instantly when the shooting occurred at 8:55 a.m. (MST). Joseph Babiy died four hours later as a result of his bullet wounds.

Lysakowski then went in search of his wife Mary, and found her as she was on her way to work at Mundare Hospital. He fired, but failed to kill her. She was later rushed to Edmonton's University Hospital.

Mundare town constable, Lloyd Maslak, said the couple were married in May, and Mrs. Lysakowski left her husband three months later. He said Lysakowski had the incident on his mind before the shooting.

Canada in 1953 suffered the loss of 1,300,000 man-days of work through strikes. Equivalent to a big factory paying 5,000 workers and turning out goods for consumers all year long.

Fog closed in on Edmonton Monday night, limiting visibility to an eighth of a mile. No serious accidents were reported but the municipal airport was closed to air traffic for a couple of hours.

The weather office reported the fog was caused by the mixture of warm and cold air over the city. The night temperature was 22 degrees, causing the fog to freeze on windshields.

He says the new turning site will also ease present congestion at 118th Avenue and 124 Street, caused by busses turning.

The bus line connects the west end with 101st Street and Jasper Avenue, and then runs to the Highlands.

Births Up; Deaths Down

SEWAGE TREATMENT PLANT WILL SOON BE IN OPERATION

EDMONTON (BUP). — Edmonton civic officials announced last week the first of the city's two new sewage treatment plants is expected to go into operation late in 1955.

The permit for the construction of the unit, valued at \$387,000, was

put through the City Building Department records yesterday.

Officials say the new plant is the first step in an overhaul of the city's sewage disposal system, and they say the second step will be the construction of a treatment plant at the east end of the city.

The new sewage plant is being constructed in Queen Elizabeth Park. Plans for the second plant are still being prepared.

Problem For Canadian People

Many Canadian unions, such as the Steel Workers' Union, are under American head offices. Thus you find Canadian workers, instructed to impose wage demands which make their products so costly they cannot compete, even in the Canadian market, with American output of the same product.

Canada's urban transit systems carried 113,899,956 passengers last year, 5,808,981 fewer than in 1952.

Edmonton Eskimos End Five Year Jinx

By KEN MACCRIMMON

For five years in succession fate has cast its shadow over the winner of the opening game of the Western Interprovincial Football Union. Last year, the jubilation of Edmonton Eskimo supporters turned to sorrow as they watched their team lead Winnipeg Blue Bombers up to the final minutes of the last game of the three-game series. Winnipeg surged ahead in the dying minutes to win the title and go on to the Grey Cup game in Toronto as the Western representatives.

The lackluster way in which the Eskies won the opening game of this year's series with Winnipeg, didn't leave much hope that history wouldn't be repeated. When they were thoroughly beaten by Winnipeg in the Bombers home town on Nov. 11, it appeared certain that Winnipeg would once again be the West's representatives. Fortunately, the prediction by Edmonton coach Poy Ivy that "it can rain four days in a row and the sun will shine on the fifth" was well founded.

The third and crucial game of the series played at Clarke Stadium last Saturday produced some of the finest football that Edmontonians have been privileged to see. The line play of such stalwarts as Frank Anderson, Rollin Prather, Bob Dean and Bill Zock was one of the biggest features in the Edmonton win. Tackling viciously and blocking with vengeance, they opened gaping holes in the Bomber line, and provided protection that was practically impenetrable.

Bernie Faloney, Edmonton quarterback, operated almost exclusively out of the Split-T formation made famous by Darrel Royal, Edmonton's coach last year. Running on a leg that has bothered him all season, he made many fine runs on "keeper plays," and played one of his finest games this season. Noted for his deception in ball handling, he sent little Normie Kwong, the "Chinese Clipper," barrelling up the middle for many long gains. Half-backs Jackie Parker, running gamely with an injured foot, and Rollie Miles played their usual spectacular game.

Trouncing the Bombers 10-5 in a most decisive fashion, the Eskimos are now girding themselves for the battle of the year, "The

Grey Cup." However, first they must dispose of their own farm team, the Kitchener Waterloo Dutchmen, in a sudden death game here in Edmonton on Saturday, Nov. 20. If they get by the Kitchener, which is almost certain, then it's on to Toronto for the greatest sports spectacle of the year.

Province from the armed services of Canada and from war industries."

Since that time the Department has made every effort to fulfill its dual responsibility. The rehabilitation of members of the armed forces and war industries has been accomplished. Now the betterment of the people of the Province is of paramount importance and shall continue to be for a long time to come.

To provide greater security, more contentment, better living and cultural and social development for the people of Alberta is the work of the Department of Economic Affairs.

There are nine branches in the Department which execute these aims:

Alberta House in London

Alberta House in London, England, represents the Province in Britain and promotes interest in immigration, industrial opportunities and general information about Alberta among the British people;

Cultural Activities

Man does not live by bread alone; and to foster the needs of mind and spirit the Cultural Activities Branch co-ordinates participation in libraries, music, drama, art and handicraft;

Films and Photographs

Alberta's manifold activities and attractions are depicted by motion pictures, slides and photographs by the Film and Photographic Branch;

Industrial Development

Industries mean greater prosperity, and so the Industrial Development Branch promotes interest among industrial and business leaders, as well as assisting them with many problems.

Immigration

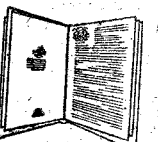

The thousands of immigrants who wish to settle in Alberta are screened and assisted in the establishment of their homes in the Province by the Immigration Branch;

Publicity Bureau

News releases, articles, booklets, posters and advertisements about the Province are prepared and sent by the Publicity Bureau;

Public Relations

The Public Relations Office serves as liaison between the Government of Alberta and delegations, conventions and individuals visiting the Province; The duties of the various Branches of the Department in the Southern part of Alberta are carried out by the Southern Area Office in Calgary;

Travel Bureau

Economic and social betterment are greatly aided by the tourist industry, and the Travel Bureau promotes this valuable trade by advertising and distribution of road maps and travel literature to thousands of inquirers.
